Report Of Council Meeting Held Monday

The Elba City Council held its regular meeting Monday night with all members present.

Included in the business for the meeting was the appointment of Everett Drexel Cook to the vacant position on the School Board created by the expiration of the term of Drexel Cook.

Lane Avenue, connecting Elba, Troy Highway and the Brantley Highway was closed due to its poor condition and the fact that it is not needed.

Lane Avenue, connecting Elba, Troy Highway and the Brantley Highway was closed due to its poor condition and the fact that it is not needed.

The members decided to have the city clerk re-search the minutes of the previous meetings and bring the City Code book up to date. This has not been done since 1922.

Councilmen also heard a report from a representative of the company that sold the parking meters. He asked that the City make some arrangements to pay some \$79.50 balance still owed on the parking meters purchased in 1958.

Also discussed was the proposed rezoning of the clay pit at the top of Braxton Hill from residential to light commercial. The move had been approved by the zoning board and the council accepted their action. They will get a public hearing on September 6th.

The marching band director, Mr. Joe V. Summers, is also on the University campus taking part in the Marching Band Clinic for directors. He is assisted by the clinician, Mr. Lee who is working with the All-Star Band in drill sessions and rehearsals, and will attend sessions in arranging for marching, drum corps, band maneuvers, field and music rehearsals of Mr. Lee's concept of marching band performance.

The clinic will also feature films on marching techniques and band sections, and a session on the total school program.

Both Miss Davis and Miss Allen will begin their teaching careers in the Georgia school system with Alton teaching in a Decatur high school and Miss Davis teaching in Tucker High School just out of Decatur. They will share an apartment in Decatur with two other girls.

AN ARTICLE entitled
"What's happened to the will

Time magazine states that about
one-third of unemployed white jobs of all

Methodist Conference Meeting Held

The Commission of
Worship for the Alabama
Methodist Conference met
Saturday, July 31, in Andalusia for an organiza-
tional meeting. It is the
Department of the Conference
Commission of Worship to give guidance to the
local commissions in the 750 Methodist churches
in Southeast Alabama and
Northwest Florida.

Reverend David Carter,
pastor of the Elba Method-
ist Church, was elected
Chairman of this important
commission.

Carter will also serve
on the Conference Council
which coordinates the total
program of the Methodist
Church in this area.

He will be available to
every schoolchild, but they tend to
be more interested in the
outdoor activities than the
environment "gives" them.

The truth is that government can
"give" nothing. It can only take
money from one person now
or on some future date, to pay
the costs, and also, it takes
on hand some sum to cover
the administration and bu-
reaucratic overhead. Nothing
material in this world is free - and
goes to waste.

Slow drivers are more ap-
pealing in and out of areas
of traffic, according to the
article, and are inattentive,
looking around and not watching
the road ahead. They are not
as alert as drivers who are
fully aware of what is around
them. Slow drivers are
usually looking around, driving
and talking at the same time.

George Dorsey Celebrates 8th Birthday

George Dorsey, son of Mr. and Mrs. T. K. Dorsey, celebrated his 8th birthday Friday with a party at his home on Brantley Road.

The refreshment table on the spacious lawn held the birthday cake decorated according to George's own design.

The cake formed a flower garden and individual flower pots held blooming flowers.

The approximately 50 boys and girls enjoyed a scavenger hunt, a game of hide-and-go-seek, and a game of tag.

Those attending included the parents of the children, the hostess, and two pieces of her crystal.

Miss Janet Murphree, the maid of honor, was present.

George's mother was assisted by George's own mother.

On Sunday night, July 31, Mr. Paul and Miss Jean Taylor were honored at the home of Mrs. Elmer Taylor.

Mrs. Paul and Mrs. Everett Kelley were Mrs. Everett Kelley and Mrs. Dwight Kelley.

Those attending were the guests of honor, Mr. and Mrs. W. H. Taylor, Mr. and Mrs. Ed Hudson, Mr. and Mrs. Tom and Mrs. Charles Pearce, Mr. and Mrs. Hollis Kelley, Mr. and Mrs. Jay D. Hudson, Mr. and Mrs. Jim Kelley, Mr. Elmer Taylor, Mr. Everett Kelley, and Mr. Dwight Kelley.

Mr. and Mrs. Tom Meador, of Mobile, and Professor and Mrs. William Whitehead, of Tallahassee, Florida, were visiting their mother, Mrs. Jim Whitman, last week.

Robert Stephens, of Daleville, is visiting Lewie Stephens III this week.

Are you looking for a plan to build a small house that will meet loan requirements? Here's one that is well within the limits proposed by the Farmer's Home Administration for construction loans.

The plan provides 960 square feet of living space and includes a carport.

Besides three bedrooms, it features a kitchen-dining area designed as one room with an L-shaped working area. The living room adjoins the kitchen-dining setup. There are two rear porches which are convenient to the carport and garden side of the house.

Working drawings of this plan are free for the asking at your local county Extension office.

Farm NEWS

BY TOM CASADAY, CO AGENT

Most of our Coffee County farmers have received enough rain, some more than others, to make this spring to be nothing but a minimum harvest on their peanuthus. Perhaps several growers will get together and get up a car load and attend this meeting which starts at 9:00 A. M.

Lelon Weeks and Paul Martin both of the Kinston Community have been busy the past week or so putting up corn silage. Weeks has put up over 400 tons.

In about two weeks, coffee farmers will begin harvesting cotton, peanuts, and other crops. Here are a few words of caution concerning coffee machinery: Keep all farm machinery in top operating condition. Keep guards and safety devices in place. Always stop machines before unclogging, servicing or repairing. Small children away from working machines. Refuel only cool engines. Do not spray insecticides on back yard shrubs, trees down around houses, or on rough ground; hit only to the shrubs; set wheels wide; be cautious when working on slopes, uneven ground, and around ditches. Keep a fire extinguisher and first aid kit on tractors and self-propelled equipment.

Roy Ledbetter, our Extension Encampment, is doing a research report on borrows. There are two types of borrows which are indistinguishable, but one is much larger than the other. We expect an increase in borrows in Coffee County in the days just ahead.

If you find borrows, call us at 347-6995 and we will stop by to get a sample of these to Mr. Ledbetter.

We have a supply of Federal and state gasoline tax refund applications. If you have not received an extra copy for some reason, call us at the county agent's office in Enterprise and we will mail you one or drop by the office and pick one up.

Incidentally, according to records that we have, lot of Coffee County farmers are getting a large share of this gas refund. If you have not done this in the past and need help getting started, let us know and we will be glad to help you.

Coffee County peanut producers received a letter from a few days ago calling attention to the official harvesting peanut clip to be held at the Wiregrass Substation in Head-

Club.

Wednesday, August 11, is the date for the graded hog sale to be held at the Farmers Livestock Co-op auction barn in Elba. If you have hogs ready for grading bring them to this special sale. The grading demonstration will get underway at 10:00 A.

Plenics for the New Bridge elementary school officers were held Thursday at Twin Wells. Officers attending the picnic were: Tessa Brown,

M. The sale will begin at 11:00 A. M. Whether you have hogs ready to sell or not, come on out at 10:00 A. M. for the grading demonstration.
